**CODE:** 1169

### **FABRICS:**

Dress: Three layers Silk chiffon (two lemon yellow and one cream layer)

Interlining: Yellow Faille

Lining: Yellow polyester pongee

### **DESCRIPTION:**

This lovely layered halter-neck dress is made in soft lemon yellow chiffon. There are five layers in total, and each layer moves against each other to create a soft, delicate flowing dress. The dress is finished off with fine back strapping.

The halter-neck is made of twisted cream and lemon chiffon strips, tied neatly in a bow at the nape of the neck. The bust has sumptuous soft gathers, enhancing the bust and drawing attention to the twisted 'knot' of lemon-coloured chiffon. The lemon-coloured satin empire line sash has been pleated neatly to create a depth of colour in the dress, also capturing the front overlay.
